

It Means Fish

[Verse 1]

I've been fluently speakin' Spanish for years
I live in Texas and my wife is from here
So if you ask her why she married me
She will say it's 'cause my Spanish is so steady

[Verse 2]

So the other night we went out drinkin' with her friends
And once again I impressed everybody with my native tongue
Gabe came over and said in my ear
"We made some plans to go deep-sea fishin'
Can you seal the deal?"

[Chorus]

Uno

Dos

Tres

Cuatro

It's gettin' fishy in this lado

Ay-ay-ay-ay-ay

Sea bass y un martini

They said

"What did you ask me?"

I said

"It means fish

Man

Can we?"

They said

"It means fish

Man

Can we?"

[Verse 3]

I've noticed people comin' up out of the tide

The water flea-bitten

Dilated in the eyes

Water flies and I feel water on my feet

Coulda been water

Turnt water in the guest seat

[Verse 4]

So

Water gets passed around like five times

And can I get a water? Water's nice

Father time

Give ya father time

That's what you order if you got that sort of mind

[Chorus]

Uno

Dos

Tres

Cuatro

It's gettin' fishy in this lado

Ay-ay-ay-ay-ay

Sea bass y un martini

They said

"What did you ask me?"

I said

"It means fish

Man

Can we?"

They said

"It means fish

Man

Can we?"
