

Bin Bagger Billy

[Verse 1]

Young Bin Bagger Billy

Working at the speed of sound

With his Chevy Silverado

Riding high off the ground

Yeah he's a cutie cause he knows exactly what to do

Let him know when you're ready to go cause Billy's coming over to you

[Chorus]

It's perfect timing

I see him out the window so I go and grab my bins

With that rolling thunder my heart skips a beat 'cause

Man I tell you now that I have never seen truth

'Til Bin Bagger Billy came rolling right through

[Verse 2]

So have your waste ready

Sundays at eleven on the dot

Don Dyson is a wannabe

'Cause Bin Bagger Billy's the best thing you got

And when he picks it up he knows exactly where to dump it

'Cause somehow

Somewhere he's found that perfect spot

[Chorus]

It's perfect timing

See him out the window so I go and grab my bins

With that rolling thunder my heart skips a beat 'cause

Man I tell you now that I have never seen truth

'Til Bin Bagger Billy came rolling right through

[Bridge]

Please don't leave me Billy

(confusion)

I'm begging you to stay

You know your spot is always right here next to me

And so at one I'll sit and wait

[Chorus]

It's perfect timing

See him out the window so I slowly roll my bins

Shall we do this dance all over again 'cause

Man I tell you now that I have never seen truth

'Til Bin Bagger Billy came rolling right through

It's perfect timing

See him out the window once again I grab my bins

Shall we do this dance all over again 'cause

Man I tell you now that I have never seen truth

'Til Bin Bagger Billy came rolling right through
