

We got BBQ

Verse 1: The sun is high, the coals are burning bright, Gather 'round y'all, it's BBQ tonight, Got the ribs on the grill, smokin' nice and slow, Turn up the music, let that country flow.

Chorus: We got BBQ in our soul, Flippin' burgers, rockin' roll, Sweet and smoky, take a bite, Grillin' up a storm tonight. BBQ love, ain't nothin' finer, Sippin' sweet tea, feelin' lighter, Dance around the firelight, BBQ and country nights.

Verse 2: Chicken wings in the air, tossin' with some flair, Corn on the cob, got that butter to share, Smell of hickory, fillin' up the air, Everybody's laughin', got nothin' to spare.

Chorus: We got BBQ in our soul, Flippin' burgers, rockin' roll, Sweet and smoky, take a bite, Grillin' up a storm tonight. BBQ love, ain't nothin' finer, Sippin' sweet tea, feelin' lighter, Dance around the firelight, BBQ and country nights.

Bridge: Kickin' back in the old porch swing, Country tunes, everybody sing, From the city lights to the countryside, BBQ is where our hearts collide.

Chorus: We got BBQ in our soul, Flippin' burgers, rockin' roll, Sweet and smoky, take a bite, Grillin' up a storm tonight. BBQ love, ain't nothin' finer, Sippin' sweet tea, feelin' lighter, Dance around the firelight, BBQ and country nights.

Outro: When the coals are burnin' low, and the stars are high, We'll keep on dancin' 'neath the country sky, BBQ love, that's the way we roll, Country livin', it's good for the soul.
